AS was rumored a few days ago, Peasop Commissioner Evans has tendered his resignation to the President. His successor has not been announced yet.

The every day honesty and integrity of the taxpayer is put to the test when the assessor comes around, but that is no time to fail. The assessors can tell some amusing incidents that come within their experience.

The local democratic slate makers have more than their hands full just now. Some of the brethren prefer to do some thinking for themselves and they are letting that fact be known. There positiveness has been both a surprise and a disappointment to the fixers.

IT HAS just developed that Manson U. Johnson, of Anderson, has been dealing in bogus township orders. He seems to have forged township orders in a dozen or more counties, two for \$250 each on Joseph H. Parker, trustee of Sandcreek township, Bartholomew county. These orders were sold at different banks at a discount. This is a familiar story in Indiana. It was this sort of township and school supply business that first made George Ray famous. It is time for all township trustees to give the oily tongued supply man a wide berth. Do business with men who are known to do business on the square. It is likewise time for the bankers and brokers to use more caution in the buying of township orders that are floating around.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medicinal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and Home of Swamp-Root dollar sizes are sold by all good druggists.

Brewers' Troubles Settled.

Cincinnati, March 29.—The Brewers' exchange of this city late yesterday afternoon held a meeting and arranged to take back all such men as could be placed, so that the lockout in Cincinnati, Covington and Newport is practically over. The breweries co-operate with the union on hours, wages, etc., but reserve the right to discharge men who are not satisfactory.

Experts Testify.

Mt. Holly, N. J., March 29.—Medical and chemical experts yesterday took up nearly the entire time in the trial of Mrs. May Fenton Haines, charged with the murder of her two-year-old stepdaughter, which began last Tuesday.

Reached an Agreement.

Marion, Ills., March 29.—An agreement was reached and contracts signed yesterday by miners and operators of the Seventh sub-district, who have been in session here for three days. This avoids the threatened trouble in this district for another year.

SCHEDULES FOR ASSESSORS.

Assessments to Be Made With More Uniformity Than Usual.

At the annual conference of the State Board of Tax Commissioners and the county assessors of the state, held at Indianapolis in February, a uniform basis for listing property for taxation in all counties of the state this spring was agreed upon. The schedules as they apply to live stock farm products and stocks of merchandise, three items which most largely affect the tax payers, and which will be used as a basis by the township assessors this spring, are as follows:

Horses—First-class farm teams, \$100 to \$150; common work horses, \$40 to \$80; colts, \$20 to \$70; carriage horses, \$75 to \$150; horses with records, \$200 up; graded stallion, \$100 to \$300; Jacks, \$100 to \$400; mules, \$20 to \$150. Cattle—Registered cows and bulls, \$25 up; common cows and bulls, \$15 to \$40; feeders and stockers, per pound, 3c; fat export cattle, per pound, 5c; butchers' stock, 4c.

Sheep—Registered, \$10 to \$20. All other sheep, \$3 to \$6.

Hogs—Registered, \$5 to \$25; common breed, \$8 to \$16; stockers, per pound, 4c to 5c.

Poultry—Per dozen, to common, \$2 to \$5; fine blooded poultry, for single bird, \$1 to \$10.

Farm products—Wheat, per bushel, 65c; corn, per bushel, 50c; rye, per bushel, 55c; oats, per bushel, 35c; potatoes, per bushel, 75c; barley, per bushel, \$2; flax seed, per bushel, \$1.50. Clover hay, per ton, \$6; timothy hay, per ton, \$8; bacon, per pound, 10c; pork, per pound, 8c; wool, per pound, 15c; tobacco, per pound, 8c; maple sugar, per pound, 8c; cider, per gallon, 10c; vinegar, per gallon, 15c; molasses, sorghum, per gallon, 30c; malasses, maple, per gallon, 75c; lead per pound, 10c.

Stocks of Merchandise—All township assessors and deputies, in assessing merchandise of any kind, will require the owner to list at true cash value on the first day of April of this year, and also to assess all store fixtures at a true cash value, at the same time all store fixtures must be listed separately.

The township assessors and their deputies will begin listing property April 1. In Jackson county the supplies were given out Friday. Thos. Whitson, assessor of Jackson township will have his office with J. W. Massman in the Masonic Temple during assessing time. He has chosen the following deputies: J. W. Massman, James Whitson, Oscar Carter, Ed. Heimbaugh and James Monroe. F. W. Abele will act as bookkeeper.

AN ACTIVE MARKET.

Retail Distribution Has Been Favored By Spring Weather.

New York, March 29.—Bradstreet's weekly review of trade today says: Trade activities have shifted from first to second hands this week. Wholesale and jobbing distribution of dry goods, clothing, hats and caps, millinery and shoes has been rather quiet, as was only natural in view of the culmination of the spring demand before Easter. Retail distribution, favored by spring weather, has been very active East and West, with a fair business at the South. Among the industries new demand for iron and steel has on the whole been less active, but production and shipment have gone forward at undiminished speed. The building trades have taken a decided spurt in activity. Lumber is active at all markets at higher prices than ruled a year ago. Aggressive strength in prices is chiefly manifested by hog products, which it is declared have been manipulated by packers. The leading cereals are irregularly lower after an apparently futile effort at bulging prices. Steady buying and talk of a squeeze in corn was reflected sympathetically in wheat. Wheat crop advances have on the whole been very good.

Mrs. Figg Must Pay.

Omaha, Neb., March 29.—Albert A. Donahoe has been given a verdict of \$7,500 damages by a jury in the district court against Mrs. Sarah C. Figg, head of the Figgite church, for alienation of his wife's affections. The religious sect of which Mrs. Figg is the head, Donahoe alleged had laws which prevented his wife from living under the same roof with him, and he charged that Mrs. Figg was the cause of his wife uniting with the Figgite church. Several damage and divorce suits have grown out of the establishment of the new faith, in all of which members of the Figg family have figured prominently.

Will Be Heard Monday.

Washington, March 29.—Secretary Root has completed his answer to the house resolution calling for the correspondence between the department and Lieutenant General Miles respecting the latter's proposition to visit the Philippines. The answer would have gone to the White House yesterday except for a misunderstanding as to whether the body was in session, and it will consequently go in Monday.

Almost Reached Record.

Washington, March 29.—The house spent yesterday passing private pension bills. In all 215 were passed. With one exception this is the record for the number of such bills passed at a single session. Early in the session a number of minor bills were passed. The sundry civil appropriation bill was reported and Mr. Cannon gave notice that he would call it up on Monday.

He Is Worried Now.

Portland, Ind., March 29.—The condition of Charles Shepherd, the wife murderer and would-be suicide, is worse. He is suffering greatly from his wound, and is also worried over his wife's death.

She Was in a Hurry.

Logansport, Ind., March 29.—Mrs. Sadie Denton was divorced from William Denton, and within six hours she married Fred Hargraves of Ft. Wayne.

MRS. HULDA JAKEMAN,

Wife of the President of the Elders of the Mormon Church, Salt Lake City, Utah, Recommends

Lydia E. Pinkham's Vegetable Compound for Woman's Periodic Pains.

Surely the great volume of letters we are constantly publishing from women made strong and well by Lydia E. Pinkham's Vegetable Compound must convince all women of the value of this famous medicine.

Does anyone suppose that the young wife of President Jakeman, whose portrait we are permitted to publish, would allow us this great privilege if she had not been so over-joyed at her own recovery that she now wants to be of service to her suffering sisters? No, indeed! no money can purchase such testimony, only a grateful heart full of a desire to help other sufferers could induce a young woman of such high social position to allow her name to be used in connection with any remedy.

How is it possible for us to make it plainer that Lydia E. Pinkham's Vegetable Compound will positively help all sick women? All women are constituted alike, rich and poor, high and low,—all suffer from the same organic troubles. Surely, no one can wish to remain weak and sickly, discouraged with life and no hope for the future when proof is so unmistakable that Lydia E. Pinkham's Vegetable Compound will cure monthly suffering—all womb and ovarian troubles and all the ills peculiar to women.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. Address is Lynn, Mass.; her advice is free and always helpful.

MRS. HULDA JAKEMAN, of Salt Lake City.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound I dreaded the approach of the time for my menstrual period, as it would mean a couple of days in bed with intense pain and suffering. I was under the physicians care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, MRS. HULDA JAKEMAN, Salt Lake City, Utah."

O, my sisters, I do pray you to profit by Mrs. Jakeman's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000 which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia

MANY RELIABLE WITNESSES

Prove That Old Cases of Chronic Catarrh can be Cured.

A Medicine That Will Cure Cases of Catarrh of Long Standing Deserves a Very High Place in the Annals of Medical Discovery.

Such a Medicine is Peruna.

THOUSANDS of testimonials are pouring in every day of old cases of chronic catarrh that have resisted all treatment for years, being promptly and permanently cured by Peruna.

These reports do not all come from obscure places, signed by obscure people. A large proportion of these letters are written by men and women prominent in business and professional circles and many of them well known from ocean to ocean.

Colonel John Franklin Waters occupies a prominent position among the leading trial lawyers of Chicago. He has probably obtained more verdicts against corporations in suits for personal injuries than any man of his age in the United States, and during his practice of over fifteen years he has not lost a single case in the Supreme Courts of Illinois and Missouri. He is a hard worker and has the energy of four men.

For a number of years he had been afflicted with chronic catarrh and having recently been thoroughly cured of his old affection, an interview was obtained with him by one of our reporters in which he gave the following statement to the public:

CHICAGO, ILL., Aug. 6, 1900.
The Peruna Medicine Co., Columbus, O.:

Gentlemen—"It gives me great pleasure to testify to the merits of such a worthy remedy for catarrh as your Peruna. I had suffered for a number of years from this very disagreeable disease and had tried many so-called remedies, but until I used Peruna none had the desired effect. I feel that I am perfectly cured and can cheerfully recommend Peruna to any one suffering from catarrh."

JOHN F. WATERS,
120 E. Randolph St., Chicago, Ill.

Another case equally well-known in Chicago, is reported through a letter from a veteran Railroad man.

COLONEL JOHN FRANKLIN WATERS, OF CHICAGO.

Captain John H. Lyons, of Chicago, veteran soldier and a prominent member of G. A. R. Camp No. 102.

Captain John H. Lyons, 1612 Prairie Ave., Chicago, Ill., writes:

"For twenty years I suffered with chronic catarrh but thanks to Peruna I am now entirely cured."

"It affords me much pleasure to make a statement in behalf of my meritorious remedy, Peruna. I have used same for catarrh and have found it to be all you claim for it. I had suffered for twenty years. I cheerfully recommend Peruna to anyone suffering from catarrh, as I believe that, as in my case, it will prove a sure cure."—Captain John H. Lyons.

Address The Peruna Medicine Co., of Columbus, Ohio, for instructive free literature on catarrh.

INDIANA DAY

Appropriately Observed by the Seymour High School.

A special program at the High school Friday afternoon did honor to the Hoosier state. Nearly every phase of the state's history was dwelt upon in some manner by the students. The natural resources, industries, literature, schools, and other features that go to make Indiana a great state were discussed in an interesting and instructive manner. Men, who by their achievements in different lines of activity have reflected honor upon the state and her people, were made prominent features of the program.

The exercise did much credit to the high-school and with the teacher and students will create a new interest in the history of their own state. Indiana has a splendid history and some time given to its study in the schools is well spent. Rev. W. C. Martin was among the visitors Friday afternoon and after the program was completed was called on and made an excellent talk to the school.

San Jose Scale.

The San Jose Scale is doing much damage to the fruit trees, grape vines and shade trees right here in Seymour. Peter Platter showed the REPUBLICAN today some grape vines that were covered with the scale and had already been killed. The same condition exists with fruit trees in his yard and what is true on his lot is true on others. This is a matter that should be given attention at once. Every effort possible should be made to protect the fruit and shade trees.

Danger of Colds and La Grippe.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by C. W. Milhous, druggist.

Jury Disagreed.

The case of Mary Robins, of Jackson county, against the B. & O. S. W. for damages went to the jury at Scottsburg Friday. The jury remained out until Saturday morning and failing to agree were discharged by the court. The case will come up again next term. S. A. Barnes was attorney for the plaintiff.

La Grippe Quickly Cured.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe. Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by C. W. Milhous, druggist.

WATCH DOGS.

Ever On the Alert.—Alive to Every Form of Oppression.—Kept on Edge.—Burdened Beyond Endurance.—Nerves Give Out.

The machinery of a mill that grinds day and night has to shut down now and then for repairs. It is the same way with your nerves. Overwork, close application, our ways of living bring about nerve waste that sets up symptoms of various kinds. It may be failing strength, weakness, languor, headache, sleeplessness, etc. Whatever it is nerve force is lacking and the means of restoring rest with Dr. A. W. Chase's Nerve Pills. A great many people in Seymour vouch for this. Among them is Mrs. C. Mitchell, of No. 626 North Chestnut St., Seymour, Ind., who says: "I was troubled with severe nervousness, nervous headaches and felt languid and tired. I got a box of Dr. A. W. Chase's Nerve Pills at A. J. Pellens' drug store and after using the medicine I am pleased to say my nerves are steadier, the headaches relieved and I feel stronger and better every way. I think these pills a splendid nerve tonic and health builder."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box of 12 pills or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature A. W. Chase, M. D. and on every package.

Georgia Man Gets It.

Washington, March 29.—Representative James M. Griggs of Georgia was unanimously chosen chairman of the Democratic congressional committee at a meeting held last night in the minority caucus room at the capitol. A committee consisting of the chairman, Mr. Griggs, Mr. Williams (Miss.), Mr. Ruppert (N. Y.), Mr. Richardson (Tenn.), Mr. Williams (Ills.), Mr. Jackson (Kan.) and Senator Culberson of Texas, was appointed to perfect a plan of organization for ensuring congressional campaign, and select the remaining officers of the committee subject to the ratification of a meeting of the full committee to be held April 11th.

JUDSON & SONS EXCURSIONS
ESTABLISHED 1860 PERSONAL SERVICE

YOU are invited to accept these extraordinary ticket bargains and the advantages of the Judson-Alton Through California Service. Sleeping Cars, without change, Chicago to San Francisco, Los Angeles and Portland. Two routes—"Scenic" and "True Southern."

Mr. Geo. H. Leonard, Agent Judson-Alton Excursion Company, 319 Marquette Building, Chicago, Ill., will gladly elaborate upon the foregoing. He deals in that direct way which is the result of experience in arranging transcontinental trips. He has inducements to offer which are "worth while," and his courteous assistance does not end when tickets are bought. Specially selected tourist managers go through from Chicago to the Pacific coast, attending to the details of baggage, pointing out scenery and places of interest, and giving the attention to route which makes the trip comfortable, enjoyable and profitable. Let Mr. Leonard place your name on his mailing list for detailed advertising matter. His little book "Explains everything," answers all questions.

"If it is not California, it may be some other Western State. To almost all we have greatly reduced rates and through cars. Do us the honor to let us figure with you."

How to Cure the Grip.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the serious danger. Among the tens of thousands who have used it for the, not one case has ever been reported that did not recover. For sale by C. W. Milhous druggist.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure—Doan's Ointment. At any drug store, 50 cents.

A Narrow Escape.

A train dispatcher on the B. & O. S-W. Railway at Washington, recently gave two fast freights going in opposite directions the right of way over that road, then discovered his mistake, ran to the yards mounted a switch engine standing in the yards, dashed out upon the main track and after a mad race overtook one of the trains and had it side tracked just as the other train rushed by.

BORN.

To Omer Williams and wife Monday, March 27, a daughter.

To E. H. Lorange and wife, near Jonesville, Thursday March 27, a son.

To C. B. Hanners and wife Thursday, March 27, a daughter.

J. W. Wray returned to Greenwood last evening and will be back here Monday to succeed O. B. Sappington in the J. M. & I. office.

O. H. Montgomery made a business trip to Cincinnati today. His boys, Harland and Merrill, accompanied him.
